

The Focolare Movement and Mariapolis

The Focolare Movement was founded in Trent, Italy, in 1943 and is present today in 182 nations reaching over five million people. Focolare means hearth or family fireside. Chiara Lubich, the founder of the Movement, and a small group of friends understood that God is the only ideal worth living for and hence focused their lives on living the Gospel. Many followed them.

One of the fruits of their way of life was the Mariapolis, a summer gatherings, where people gather to put the Gospel law of love into practice. There are Mariapolis getherings in more than one hundred countries, including major cities in Canada and the United States. If you are interested in attending or want to tell your friends about it, please contact us for more details.

Come and discover how the Focolare spirituality of unity can help us live the challenging moments of our lives. Please visit the Focolare main website at www.focolare.org

Program

The program includes presentations and experiences on living the spirituality of unity in everyday life, daily Mass, sharing groups, workshops, games, and outdoor activities.

Children and teens follow parallel activities which allow them to participate fully in the Mariapolis.

We strongly encourage participants to attend the entire Mariapolis in order to obtain the full benefit of the experience.
